Connect

## Step 6: Copy the given URL

### Connect Your YouTube & Discord

#### Connected!

Copy this command into your Nightbot dashboard:

```
$(urlfetch https://clipdash.in/webhook/clip?channel_id=UC3ZrBYR[redacted]&user=$(user)&message=$(querystring))
```

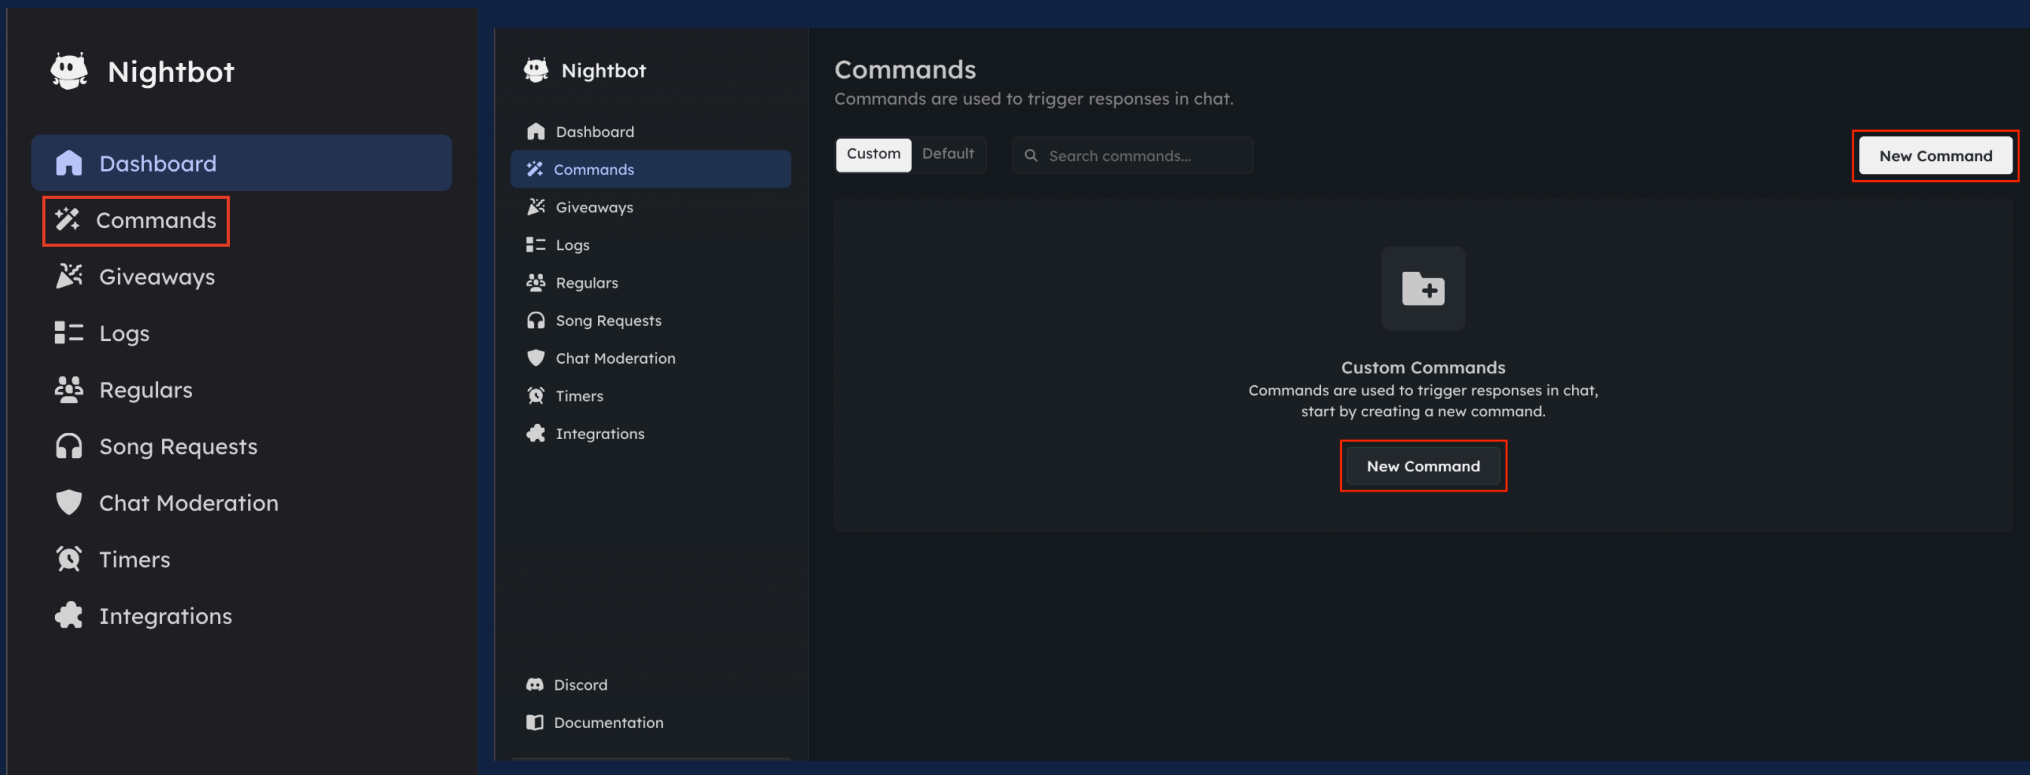

Done! Type !clip in your chat to test.

Connect Another

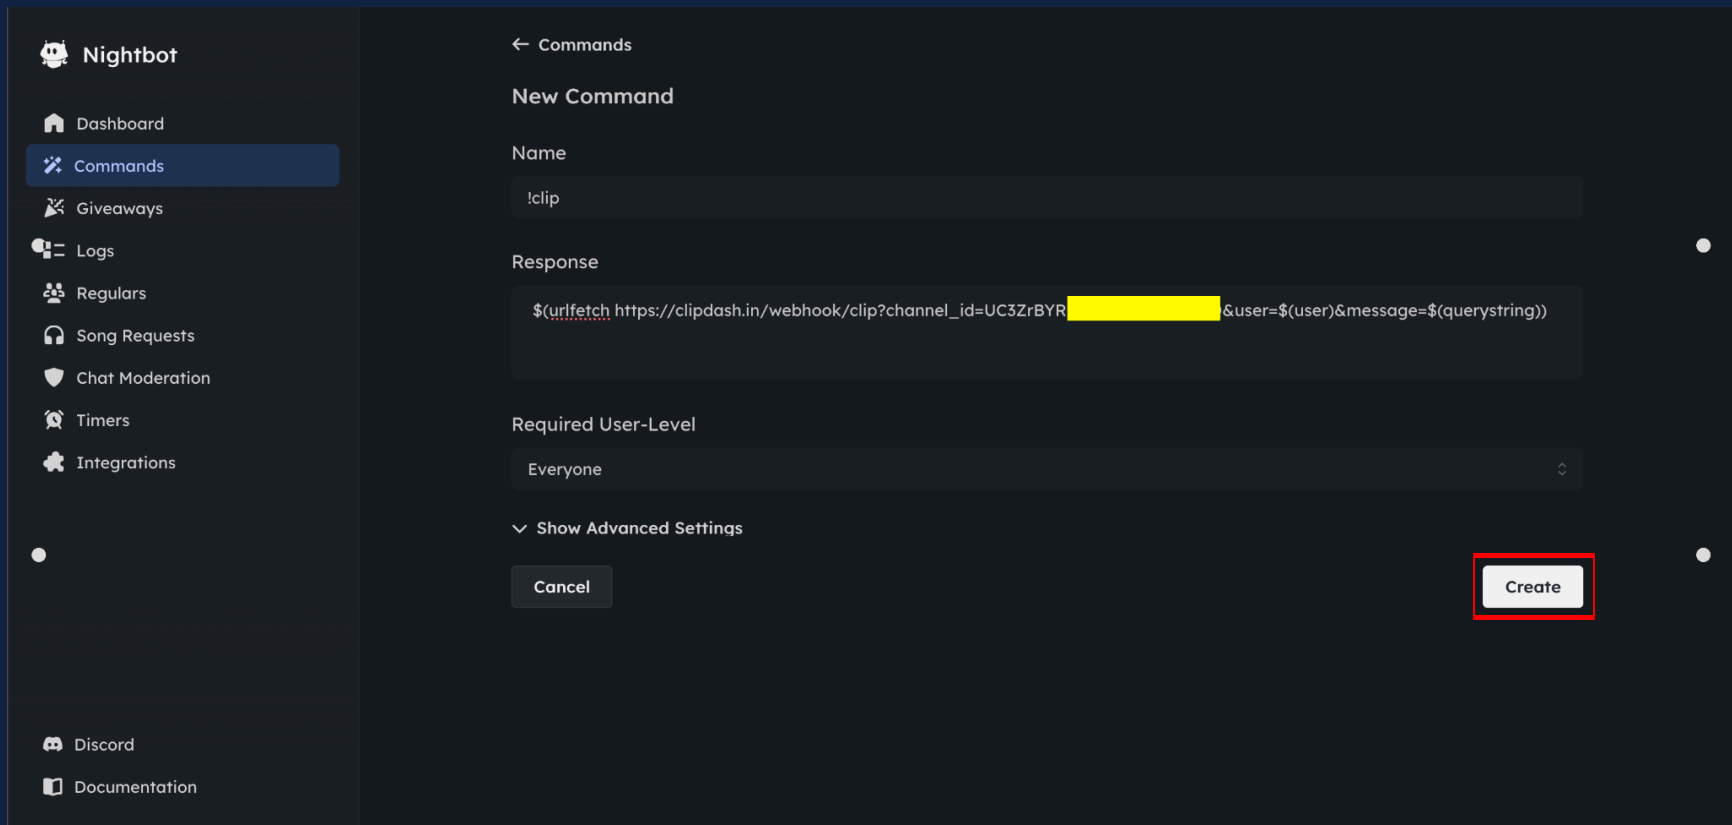

## Step 7: Paste in Nightbot

- Login to [Nightbot](https://nightbot.tv) and go to [nightbot.tv/dashboard](https://nightbot.tv/dashboard)
- Navigate to “Commands” on the left sidebar and choose “New Command”:

- Enter “!clip” under “Name” and paste the URL under “Response”, then hit Create:

The screenshot shows the Nightbot web interface. On the left is a sidebar with navigation links: Dashboard, Commands (highlighted), Giveaways, Logs, Regulars, Song Requests, Chat Moderation, Timers, and Integrations. At the bottom of the sidebar are links for Discord and Documentation. The main area is titled 'Commands' and 'New Command'. It contains three input fields: 'Name' with the text '!clip', 'Response' with a URL starting with '\$(urlfetch https://clipdash.in/webhook/clip?channel\_id=UC3ZrBYR' followed by a redacted yellow box and '&user=\$(user)&message=\$(querystring))', and 'Required User-Level' set to 'Everyone'. Below these fields is a 'Show Advanced Settings' toggle. At the bottom are 'Cancel' and 'Create' buttons, with the 'Create' button highlighted by a red rectangle.
